Chapter 1 by Story Wars

Tick! this is the sound I hear my clock making as I wait in silence. My name in Mark Hector and two years ago I was diagnosed with Schizophrenia. Slowly it has changed me and now I have a deep hatred for the human race. I have realized that people will let you down no matter. Most people see each other humans and think that they are just a normal person going about their business. I see Them as lamb to the slaughter and I'm the butcher. So now I sit in Silence and wait for the time to strike.
